## B.Voc. in Dialysis Technology

## Curriculum

Carricularii	
First Semester	<ol> <li>General Human Anatomy &amp; Physiology-I</li> <li>Clinical Dialysis-I</li> <li>Principles and Types of Dialysis</li> <li>Environmental Studies</li> <li>General Human Anatomy &amp; Physiology-I - Practical</li> <li>Clinical Dialysis-I - Practical</li> <li>Principles and Types of Dialysis – Practical</li> <li>Project-I</li> </ol>
Second Semester	<ol> <li>General Human Anatomy &amp; Physiology-II</li> <li>Orientation in Para Clinical Science</li> <li>Medical Ethics and Patients Care</li> <li>General Human Anatomy &amp; Physiology-II -Practical</li> <li>Orientation in Para Clinical Science - Practical</li> <li>Medical Ethics and Patients Care -Practical</li> <li>Project-II</li> </ol>

Third Semester	<ol> <li>Introduction to Renal Dialysis Technology</li> <li>Applied Pathology Related to Renal Dialysis Technology</li> <li>Applied Microbiology Related to Renal Dialysis Technology</li> <li>Introduction to Renal Dialysis Technology - Practical</li> <li>Applied Pathology Related to Renal Dialysis Technology - Practical</li> <li>Applied Microbiology Related to Renal Dialysis Technology - Practical</li> <li>Project-III</li> </ol>
Four Semester	<ol> <li>Health Care</li> <li>Psychology</li> <li>Computer Application</li> <li>Health Care - Practical</li> <li>Psychology - Practical</li> <li>Computer Application - Practical</li> <li>Project-IV</li> </ol>
Fifth Semester	<ol> <li>Hemodialysis II</li> <li>Hemodialysis III</li> <li>Hemodialysis I - Practical</li> <li>Hemodialysis - II - Practical</li> <li>Hemodialysis - III - Practical</li> <li>Project-V</li> </ol>
